## NEGRO WOMAN KILLED BY JEALOUS WIFE

LEE GARNER FINDING LIZZIE SMITH IN HER HOME WITH HER HUSBAND USES A KNIFE.

DEATH SOON FOLLOWS

Woman and Husband Arrested and Placed in the County Jail.

The troubles in the flats that have been giving the police more or less concern during the past few days, culminated last evening about dark in the killing of Lizzie Smith by Lee Garner, another negro. The slayer used a knife with deadly effect, the weapon penetrating the jugular vein of the victim. She managed to walk about 200 yards after being stabbed, reaching the house of Laura Butler where she has been staying and giving the name of her slayer before dying. Officers were notified by Alex Garner, husband of the wielder of the

knife, of the tragedy and a hunt was at once instituted by them for the Garner woman. Knowing that she cooked for M. B. Donaghey, Patrolmen Eaton and Harris left the place where the dead woman was and went to the Donaghey residence. Mr. Donaghey had advised the woman to give herself up and as she had left immediately afterwards, it was thought that perhaps she was already in custody. While Mr. Eaton was in the act of phoning to find out, the woman walked in and was taken in charge.

To the News reporter who was with the officers, she stated that she had found her husband and Lizzie Smith playing cards, a statement that seems to be borne out by the finding of a scattered pack of cards on the floor by the officers. When she asserted her rights to her own home and ordered the Smith woman from the house, the latter only laughed at her, saying that she supposed Alex had some say in the matter. Then it was that she made the attack. She was very bitter towards her victim and her husband, from whom she said

she had taken so many things that her patience was at an end. She expressed no regret over the occurrence and did not seem much concerned. Once she remarked that as she did not have on her bonnet she hoped she would not meet any white ladies. She was locked up in the city jail while her husband spent the night in the county jail.

When the reporter called at the house where the dead woman was last evening, the room was filled with a crowd of awe struck negroes, who silently viewed the bloody corpse that lay on the floor. Very little could be got out of them, although Laura Butler said she had been doing washing most of the time with the deceased. The dead woman is said to have been a sister to the well known character, Diamond, who made Ada his headquarters for sometime.

Justice Harris empaneled a coroner's jury and a careful examination is being made of the matter. The jury is still at work as this issue goes to press.

## ATTEMPTED BURGLARY

THIEVES ATTEMPT TO ENTER GRAND LEADER STORE—ARE FRIGHTENED AWAY.

About 10:30 last night Patrolman Eaton heard a noise in the Grand Leader store which indicated the presence of burglars. Summoning the other two members of the force, an examination was made which revealed the fact that the would-be thieves had placed a ladder in the rear of the warehouse and from that point tried to get down into the open place which is between the building and warehouse. That would have given them access to both places and they could have made way with quite a lot of goods in a very short time had the patrolman not discovered the attempted robbery.

This burglary work seems to be done by men who are thoroughly familiar with the stores of the town and the best methods of effecting an entrance unobserved. Mr. Rosenfield stated that he expects to fix a trap that will give the next night visitors to his store a very warm welcome. These night marauders will make about one visit too many one of these times and then the town will have a rest.

## ARMY ARTILLERY RUSHED TO FRONT

ARMY AND PHOTOGRAPHICAL MAPS OF MEXICO ORDERED BY WAR DEPARTMENT.

San Antonio, Tex., March 15.—That the War Department is rushing several large consignments of projectiles and other artillery, ammunition and supplies to San Antonio, where the Third and Fourth regiments of field artillery will be stationed as parts of the maneuver division under the command of Major General William H. Carter, became known as a positive fact in certain quarters at Fort Sam Houston on Tuesday.

A good-sized train would be required to handle the shipments were they kept together en route, but the information is that they were sent out of Philadelphia in consignments of three and four cars each. Seventeen cars of artillery supplies, consisting principally of projectiles, have been started in this direction, and the present arrangement is to keep the projectiles in the local yards on the cars. In case they should be quickly needed the time and expense of loading will thus be saved.

Mexican Maps Furnished.  
Maps of the states of Northern Mexico were requested by wire from Fort Sam Houston today. The maps are expected to leave Washington tonight and arrive in San Antonio within seventy-two hours. These maps will in reality be negatives from which any number of blue prints may be made. During the Japanese war each individual soldier was furnished with a map of Manchuria and the efficiency of the soldiers is said to have been increased in that manner.

Positive information that the Ninth Cavalry, composed of negro enlisted men, would arrive today was received at maneuver division headquarters on Tuesday. The first train load was due to arrive today, and before nightfall the entire regiment is expected to be under canvas at the camp which has been set aside for them. This regiment, coming from Fort D. A. Russell, Wyo., has been delayed far beyond expectations of local army officers by lack of transportation.

Information was also received to the effect that the Fourth Artillery, also from a Wyoming post, would begin to arrive at Fort Sam Houston today. The arrival of the Fourth Artillery and the Ninth Cavalry will complete the maneuver division. It was announced by Gen. Carter today

was a disgrace to the communities which elected them.

The denunciation was made in the course of Colonel Roosevelt's address to an audience which crowded the opera house and left hundreds standing outside. In opening his talk, the colonel declared that in its failure to grant New Mexico statehood during the last regular session of congress, the national government had committed a breach of faith. Arizona, he said, might have offered ground for question, although he favored its admission, but with New Mexico there was no question.

Turning to the duties which the citizens of New Mexico must take up when the territory becomes a state, Colonel Roosevelt warned his hearers that while good laws are necessary, good citizenship must back them up. He said that unfit men had been elected to office both by popular and representative vote. Such a man remained unfit for office, he said, "whether he is unfit, as Mr. Lorimer is unfit, who was elected by the legislature of Illinois, or as Mr. Haskell is unfit, who was elected by popular vote."

Recommend Laws.  
The colonel recommended a drastic corrupt practices law for New Mexico when it becomes a state. He also declared for direct election of United States senators. In this connection, he said New York offered an object lesson.

"With direct elections, somebody would have been elected senator from that state," he concluded.

Colonel Roosevelt's stay in Albuquerque justice toward corporations must characterize all dealings, with combinations of capital and after an explanation of his views on this subject devoted the rest of a long address to a plea for good citizenship.

The Roosevelt family became reunited Wednesday night. Mrs. Roosevelt and her daughter, Ethel, joining the ex-president here.

Colonel Roosevelt's stay in Albuquerque was limited to the evening hours. His special car was attached to the regular train for Grand Canyon, which passed through Albuquerque after midnight. Mrs. Roosevelt and her daughter continuing the journey with the party.

Williams, Ariz., will be the first regular stop Thursday. Archie Roosevelt, who is attending school at Mesa, Ariz., will join the Roosevelt party Thursday.

Haskell's Ready Retort.  
"I have always observed the Marquis of Queensberry rules, and never hit a man when he is down. For that reason I have nothing to say in answer to Mr. Roosevelt."

Such was the terse statement made by former Governor Charles N. Haskell, when called by telephone at Muskogee and informed of Mr. Roosevelt's arraignment of him Wednesday night.

## ATTEMPT TO BLOW UP MEXICANS

CONGRESS OF MEXICO UNANIMOUSLY PASSES LAW SUSPENDING GUARANTEE TO MEET CONDITIONS.

El Paso, Tex., March 15.—An attempt was made tonight to blow up the barracks at Juarez, Mexico. Two heavy charges of nitroglycerin were placed under the place and exploded, tearing out parts of the building occupied by the Mexican troops. Two of a small band of insurgents who secretly had entered the town were wounded and captured.

City of Mexico, March 15.—The measure to suspend for six months certain personal guarantees was passed unanimously today by the permanent commission of congress. Notwithstanding anonymous threats made against the members of the commission, none hesitated when the bill came up for final discussion and passage. All members of the commission but one were present. Rosendo Pinedo, the president of the body, is in New York.

The promulgation of this law, which was drafted at the request of President Diaz, will be made by publication in the Diario Oficial, and by notices posted in prominent places. Copies of the law enacted have been sent to various state capitals.

## "RATS IN THE CORN CRIB."

Under the above head the Wichita  
Eagle describes a situation that ex-  
ists in Ada as well as at Wichita. It  
is a condition that will grow rapidly  
worse in case Hounshell is defeated  
for chief of police. Do the citizens of  
Ada want it? Says the Eagle:

Every city is what its citizens want  
it to be. A desire of the people for  
a better town is a prayer that is al-  
ways answered. Absolutely beyond  
dispute the majority of the citizens of  
Wichita are square-dealers, and so  
far as mere wishing is concerned de-  
sire a clean and law-abiding as well  
as a prosperous and populous city.

There is a minority, however, which  
finds its greatest profit, not in the  
general prosperity and the greater  
value which comes to every portion  
of a decent city, but which lives like  
rats in a corn crib, by preying claud-  
estinely on the prosperity garnered  
by the majority of Wichita's citi-  
zens.

The only reason that the minority  
succeeds in putting up the sembl-  
ance of a fighting strength is that  
the minority works incessantly, keeps  
what fighting strength it possesses  
working all the time, "building  
fences" and laying wires.

The majority sentiment more char-  
acteristically works by fits and starts.  
There is one grand furor of noble  
sentiment, one frantic spasm of a  
clean-up process, and the great ma-  
jority is likely to believe that it has  
done its duty, folds its arms and  
rests on its labors. Wichita's major-  
ity of citizens are thoroughly moral,  
extremely progressive, but they do  
not work all the time at the labor  
of keeping up the high standards if  
civil government, which they know  
are for the best.

The Washington correspondent of  
the Muskogee Times-Democrat says  
that Senator Owen is pluming for the  
presidency. He will probably have the  
support of the Ohio envelope-trust to  
start on, but how about the news-  
papers all over the country whose  
interests he trampled under foot at  
the last session of congress?

"I shall call your attention briefly

ing before Justice Brown on a charge  
of committing statutory rape, his al-  
leged victim being his daughter Era.

## JURY IN SHIPMAN SUIT DISAGREES

The damage suit of Dan Shipman  
against the Oklahoma Portland Ce-

days, was given to the jury about  
nine o'clock this morning. After  
wrestling with it for sometime, the  
jury was discharged. It is reported  
that eight jurors favored a verdict  
for the plaintiff and four for the de-  
fendant company.

Today the suit of J. Cragin against  
Dr. Runyan is being tried.

## STATEMENT OF THE ADA NATIONAL BANK

The state ment of the Ada National bank will be found in this issue of the News. An examination shows that this bank has lost none of its prestige and that it is always on hand with a good report when one is called for. As will be noted the deposits of the Ada National are above \$144,000. As this is the time of year when many depositors have reduced their accounts, this is a fine showing both for the bank and for the community at large.

## THE NEW GRAND LEADER

### SHOW TOMORROW NIGHT IS GUARANTEED ATTRACTION

There have been shows and shows in Ada this winter, but some have been good, some bad. P. T. Barnum once said the American people liked to be humbugged. He was wrong. They don't and they won't. You have got to deliver the goods or lose out. So sure is Mr. W. H. Parks, the manager of the Ada opera house that the Morton-Keenan show will make good and please you that he makes this liberal offer go and see the first night's bill and if after the first act you don't like the show or are not

going to get your money's worth go to the box office and get your money back. A word about the show. Fourteen people are carried—all live ones—the pieces put on are musical farce comedies, just enough of the farce to please you, just enough music and songs to interest you, just enough girls to make the songs go good, three comedians are there to amuse you. Forty-five minutes of vaudeville breaks the monotony and sameness. Now if you enjoy a show of this kind you can't miss it by going. The date—City Hall Opera house two nights, starting Friday, March 17, and the prices have been reduced for this special occasion only. Children 15c. Adults, 35c. Reserved seats Wednesday at Ramsey's Drug Store.

### TWO FIRE ALARMS IN ONE NIGHT

About 7:30 last evening the fire company was called out to extinguish a fire on a Frisco engine. The wood work of the locomotive was ablaze and the crew had left it. By means of the chemical engine the boys soon had the flames subdued.

About five this morning the Walker hotel caught between the ceiling and roof, a broken joint of stovepipe being the cause of the trouble. The fire boys had no trouble in extinguishing the fire with the chemical, for it had made but little headway when discovered.

#### Dies From Burns.

Lawton, Ok., March 15.—Chris Markeson, manager of the Monarch Theater at Lawton, was burned so badly today that he died tonight.

Fire nearly destroyed the Joplin hotel in which he was stopping. The loss on building and contents is \$5,000.

J. M. McCarty arrived this afternoon from Granite where he is a guard in the branch penitentiary. He is en route to McAlester to conduct a batch of prisoners to Granite.

### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."  
Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
